

Mark Goldburd

FCAS, MAAA
Consulting Actuary

CURRENT RESPONSIBILITY

Mark is a consulting actuary with the New York office of Milliman. He joined the firm in August 2014.

EXPERIENCE

Mark's experience includes ratemaking, predictive modeling and loss reserving.

Mark has experience with a variety of lines of business, including medical professional liability, workers compensation, and general liability. He has performed claim-level analyses of asbestos and environmental liabilities. The clients he serves include single- and multi-line primary insurance companies, reinsurance companies, and self-insurance groups.

Mark has also spoken at CAS conferences.

Before joining Milliman, Mark worked at ISO/Verisk Analytics, where he specialized in ratemaking and predictive modeling using generalized linear models and advanced machine learning methods.

PROFESSIONAL DESIGNATIONS

- Fellow, Casualty Actuarial Society
- Member, American Academy of Actuaries

EDUCATION

BS, Mathematics and Computer Science,
Touro College

PUBLICATIONS

Generalized Linear Models for Insurance Rating, CAS Monograph #5, 2016. A comprehensive guide to creating an insurance rating plan using generalized linear models (GLMs), with an emphasis on application over theory.
